Pipe Lining Supply ----*To GO!*

The 2017 Trailer Package offered by Pipe Lining Supply is fully loaded with everything you need to get into the lining business or add to your existing lining business. Equipped with the complete Quik Lining System, the Quik Heater, 70 CFM Compressor, a 5000 watt Generator, small portable compressor, tool chest with specify lining tools, and drill. Also included a roll of liner, a roll of cal tube and epoxy resin.

7 ft. x 16 ft. V-nose trailer with side door and cargo ramp door. Tongue has been extended to accommodate the generator which is locked down. Trailer has seamless siding ready for a complete wrap with your custom design (included in price). Stabilizing jack installed. Small access door to provide venting for the “on board” compressor. Has 15.5 K BTU AC with heat strip. Fluorescent Light with wall switch, 2 electric receptacles, and a 50 amp panel in with 25 ft. life line in the V-nose to link the generator. Walls are easy to clean white luan over plywood. Floor is rubber coin matting. Has E-trac installed on both side and 12 clamps to hang hoses and other items.

$92,000.00
